1. How we may use or disclose your Protected Health Information.

We may use or disclose your PHI for purposes of treatment, payment, or health care operations.

a. Treatment. We may use your PHI to provide you with health care treatment and services. We may disclose your PHI to doctors, nurses, nursing assistants, medication aides, technicians, medical and nursing students, rehabilitation therapy specialists, or other personnel who are involved in your health care.

For example, your physician may order physical therapy services to improve your strength and walking abilities. Our nursing staff will need to talk with the physical therapist so that we can coordinate services and develop a plan of care. We also may disclose your PHI to people outside of our facility who may be involved in your health care, such as family members, social services, or home health agencies.

b. Treatment alternatives, health-related benefits and services.

We may use or disclose your PHI for purposes of contacting you to inform you of treatment alternatives or health-related benefits and services that may be of interest to you.

c. Payment. We may use or disclose your PHI so that we may bill and collect payment from you, an insurance company, or another third party for the health care services you receive at our facility. For example, we may need to give information to your health plan regarding the services you received from our facility, so that your health plan will pay us or reimburse you for the services. We also may tell your health plan about a treatment you are going to receive in order to obtain prior approval for the services or to determine whether your health plan will cover the treatment.

d. Health care operations. We may use or disclose your PHI to perform certain functions within our facility. These uses or disclosures are necessary to operate our clinic and to make sure that our residents receive quality care. We may disclose your PHI to physicians, nurses, nursing assistants, medication aides, rehabilitation therapy specialists, technicians, medical and nursing students, and other personnel for review and learning purposes. We also may combine PHI with information from other health care providers or facilities to compare how we are doing and see where we can make improvements in the care and services offered to our residents. We may remove information that identifies you from the set of PHI so that others may use the information to study health care and health care delivery without learning the specific identities of our residents.

e. Fundraising activities. We may use a limited amount of your PHI for purposes of contacting you to raise money for our facility and its operations. We may disclose this PHI to a foundation related to the facility so that the foundation may contact you to raise money for our facility.
